Re: Proposed Development at Mill Street, Maynooth, Co. Kildare

David,

Further to recent correspondence in connection with the above project, we can confirm that Michael Slattery Associates are the appointed Fire Safety Consultants for this project.

We have review and advised on drawings to date and would be of the opinion that they are broadly in compliance with Part B (Fire Safety) 2006 of the Second Schedule to the Building Regulations 1997 - 2019.

MSA will be completing a Fire Safety Strategy Report along with a set of drawings for submission to Kildare Fire and Rescue Services as part of an application for a Fire Safety Certificate in accordance with Article 16 of the Building Control Regulations 1997-2018,

Yours Sincerely,

Grant Masterson BEng Tech, BSc (Hons), MIFireE, MIEI
Fire Engineer
